Wear fully protective imp	ervious	suit.	1 I								:

SECTION 6. ACCIDENTAL RELEASE MEAS	URES				,
Personal precautions, protective equipment and emergency procedur	es			1	
Use personal protective equipment. Keep unprotected persons away.			1 I		
Ensure adequate ventilation					
Environmental precautions:					,
Do not allow material to be released to the environment without officia	al permits.				,
Do not allow product to enter drains, sewage systems, or other water	courses.	` .			
Do not allow material to penetrate the ground or soil.					
Methods and materials for containment and cleanup:					
Pick up mechanically.			; · ·		,
Prevention of secondary hazards:	·			·	,
No special measures required.					
Reference to other sections	1 1 1				
See Section 7 for information on safe handling					
See Section 8 for information on personal protection equipment.					
See Section 13 for disposal information.	1	1.		1	

SECTION 7. HANDLING AND STORAGE

Handling Precautions for safe handling

Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Information about protection against explosions and fires: No data available Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Do not store together with oxidizing and acidic materials. Store away from air. Store away from water/moisture. Further information about storage conditions: Store under dry inert gas. This product is moisture sensitive. This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well-sealed containers.Protect from humidity and water. Specific end use(s) No data available											
Keep container tightly sealed. Store in cool, dry place in tightly closed containers.
