SECTION 4. FIRST AID MEASURES

Description of first aid measures		1. 	1	1		1
General information: No special measures	s requir	ed.				
If inhaled: Supply fresh air; consult doctor	in case	e of con	nplaints.	 1		 1
In case of skin contact: Immediately rinse	with wa	ater.	:	 	:	
physician.		1	÷.	1		'
If swallowed: If symptoms persist consult	allowed: If symptoms persist consult doctor. mation for doctor: important symptoms and effects, both acute and delayed:					
Information for doctor:	of eye contact: Rinse opened eye for several minutes under running water. Consult a an. owed: If symptoms persist consult doctor. ation for doctor: nportant symptoms and effects, both acute and delayed: a available on of any immediate medical attention and special treatment needed					
Most important symptoms and effects, both	th acute	e and de	elayed:	 		
No data available	allowed: If symptoms persist consult doctor. mation for doctor: important symptoms and effects, both acute and delayed: ata available					
Indication of any immediate medical atten	of any immediate medical attention and special treatment needed					
No data available	n of any immediate medical attention and special treatment needed					

SECTION 5. FIREFIGHTING MEASURES

Extinguishing media Suitable extinguishing agents: CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant

foam.

Special hazards arising from the substance or mixture No data available

Advice for firefightersProtective equipment: No special measures required.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency proce	edures	Not red	quired.		
Environmental precautions: No special measures required.	.1	1		1	1 1
Methods and materials for containment and cleanup:			1		
Dispose contaminated material as waste according to item 13.		'			
Reference to other sections					
See Section 7 for information on safe handling.					
See Section 8 for information on personal protection equipment.		1 	1.		1
See Section 13 for disposal information.			1		

SECTION 7. HANDLING A	ND S	STOF	RAGE			
Handling: Handle under inert gas.		1 		1	1	÷.
Precautions for safe handling	н 1 — 1	н н 1	1	н 1 - 1		1
No special measures required.						
Open and handle receptacle with care.	; • •					
Information about protection against exp	losions	and fire	s: No spe	cial me	asures	required.
Conditions for safe storage, including an	y incom	patibiliti	es:			
Keep cool.	, , ,	н н н	1	1	1	1.
Store contents under inert gas.						
Requirements to be met by storerooms a	and rece	eptacles	: No spec	ial requ	liremen	ts.
Information about storage in one commo	n stora	ge facilit	ty: Not red	quired.	1	
Further information about storage condition	ions: Ke	ep rece	eptacle tig	htly sea	aled.	1
Recommended storage temperature: Sto	ore at te	mperati	ures not e	xceedir	ng -18 °	C.
Specific end use(s) No data available						

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Additional information about design of technical systems: No further data; see item 7. Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: The lists that were valid during the creation were used as basis. Exposure controls Personal protective equipment: General protective and hygienic measures: The usual precautionary measures for handling chemicals should be followed. Breathing equipment: Not required. Protection of hands: SProtective gloves The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation Material of gloves The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Penetration time of glove material The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. Eye protection: Safety glasses

SECTION 16. OTHER INFORMATION

Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH). The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
