Suitable extinguishing a	gents F	Product is r	not flam	nmable.	Use fire-f	ighting	measu	res that s	uit the	
surrounding fire.		· · .		1 I 1				· · .		
Special hazards arising	from th	e substan	ce or m	ixture						
If this product is involved										
Hydrogen iodide (HI)			'			1 			`	
Metal oxide fume										
Advice for firefighters		· · .		1	· · .		1	···.		
Protective equipment:		· · .	1		· · · .	1	1	···.		:
Wear self-contained res	•									
Wear fully protective imp	perviou	s suit.	1.1			1.1				

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures
Use personal protective equipment. Keep unprotected persons away.
Ensure adequate ventilation
Environmental precautions: Do not allow material to be released to the environment without official permits.
Methods and materials for containment and cleanup:
Use neutralizing agent.
Dispose of contaminated material as waste according to section 13.
Ensure adequate ventilation.
Prevention of secondary hazards: No special measures required.
Reference to other sections
See Section 7 for information on safe handling
See Section 13 for disposal information.

SECTION 7. HANDLING AND STORAGE	5				:	
Handling			1. 1.			
Precautions for safe handling						
Handle under dry protective gas.			· · · .	:**	1 I 1	
Keep container tightly sealed.	1		· · .	÷.,	t.	
Store in cool, dry place in tightly closed containers.						
Ensure good ventilation at the workplace.	1		14	1	. 1	
nformation about protection against explosions and fires: The	product	is not fl	ammabl	е		
Conditions for safe storage, including any incompatibilities		1	11			
Requirements to be met by storerooms and receptacles: No sp	ecial rec	quireme	ents.		1	
nformation about storage in one common storage facility:	·		1. 1.	·	;	
Store away from air.						
Store in the dark.				; · ·		
Store away from water/moisture.					2	
Store away from strong bases.Store away from oxidizing agent	s.	1	11	1	1	
Further information about storage conditions:	1		14. 14.	5	.:	
Store under dry inert gas.						
This product is moisture sensitive.	:**		· · · ·	;**		
This product is air sensitive.						
Keep container tightly sealed.	` .		11.	1.	1	
Store in cool, dry conditions in well-sealed containers.	1		14	1	.:	
Protect from humidity and water.						
Protect from exposure to light.	111		11	111		
Specific end use(s) No data available	1				:

SECTION 11. TOXICOLOGICAL INFORMATION

Information on toxicological effects

Acute toxicity:

Swallowing will lead to a strong corrosive effect on mouth and throat and to the danger of perforation of esophagus and stomach.

The Registry of Toxic Effects of Chemical Substances (RTECS) contains acute toxicity data for this substance.

LD/LC50 values that are relevant for classification: No data

Skin irritation or corrosion: Causes severe skin burns.

Eye irritation or corrosion: Causes serious eye damage.Sensitization: No sensitizing effects known.

Germ cell mutagenicity: No effects known.

Carcinogenicity:

ACGIH A4: Not classifiable as a human carcinogen: Inadequate data on which to classify the agent in

terms of its carcinogenicity in humans and/or animals.

Reproductive toxicity: No effects known.

Specific target organ system toxicity - repeated exposure: No effects known.

Specific target organ system toxicity - single exposure: No effects known.

Aspiration hazard: No effects known.

Subacute to chronic toxicity: No effects known.

Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this

substance is not fully known.

Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements, including precautionary statements Hazard pictograms GHS05 Signal word Danger Hazard statements H314 Causes severe skin burns and eye damage. Precautionary statements P260 Do not breathe dust/fume/gas/mist/vapors/spray. P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P405 Store locked up. P501 Dispose of contents/container in accordance with local/regional/national/international regulations. National regulations All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. All components of this product are listed on the Canadian Non-Domestic Substances List (NDSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified individuals.

Other regulations, limitations and prohibitive regulations

Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed.

The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the

market and use must be observed.

Substance is not listed.

Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed.

Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION 16. OTHER INFORMATION

Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH). The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
