SECTION 5. FIREFIGHTING MEASURES

Extinguishing media Suitable extinguishing agents Product is not flammable. Use fire-fighting measures that suit the surrounding fire. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:

1										
Hydrogen selenide										
Metal oxide fume Advice for firefighters										
Protective equipment: Wear self-contained res	pirator.	1	 .1	1	;	3	1	; · ·	.:	۰.
Wear fully protective imp	pervious	s suit.								

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures													
Use personal protective equipment. Keep unpro													
Ensure adequate ventilation													
Environmental precautions:													
Do not allow material to be released to the environment without official permits.													
Do not allow product to enter drains, sewage systems, or other water courses.													
Do not allow material to penetrate the ground or soil.													
Methods and materials for containment and cleanup:Dispose of contaminated material as waste according to section 13.													
Ensure adequate ventilation.		1	:**		5	: • •							
Prevention of secondary hazards: No special measures required.				P			1						
Reference to other sections						1							
See Section 7 for information on safe handling													
See Section 8 for information on personal prote	ection e	quipment.	: • •		1	111							
See Section 13 for disposal information.													

SECTION 7. HANDLING AND STORAGE

Handling

Precautions for safe handling

				· · ·		1			
Keep container tightly sealed.									
Store in cool, dry place in tight									
Ensure good ventilation at the	workplace	• •							. '
Open and handle container wit									
Information about protection a			and fir			1999 - San	: • •		·
The product is not flammable
