### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substances

CAS No. / Substance Name: Molybdenum (TZM Alloy)		
Molvbdenum (TZM Allov)		<sup>1</sup>
Identification number(s):		
EC number: 231-107-2		
nden har den der das der		.:
SECTION 4. FIRST AID MEASURES		
Description of first aid measures		
General information	:	
No special measures required.		,
If inhaled:		.1
Seek medical treatment in case of complaints.		
In case of skin contact:		
Generally the product does not irritate the skin.		
In case of eye contact:		
Rinse opened eye for several minutes under running water. If symptoms persist, consult a doc	ctor.	
If swallowed:		
If symptoms persist consult doctor.		
Information for doctor		
Most important symptoms and effects, both acute and delayed		:

#### NTP, OSHA or ACGIH.

Reproductive toxicity:

The Registry of Toxic Effects of Chemical Substances (RTECS) contains reproductive data for this substance.

Specific target organ system toxicity - repeated exposure: No effects known.

Specific target organ system toxicity - single exposure: No effects known.

Aspiration hazard: No effects known.

Subacute to chronic toxicity:

The Registry of Toxic Effects of Chemical Substances (RTECS) contains multiple dose toxicity data for

this substance.

Additional toxicological information:

To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.Carcinogenic categories

OSHA-Ca (Occupational Safety & Health Administration)

Substance is not listed.

### **SECTION 16. OTHER INFORMATION**

Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH). The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
