SECTION 8. EXPOSURE	CON	IRC	DLS/PI	ERSC	NAL	-			
PROTECTION									
Additional information about design of t	echnica	l syste	ms:						
Properly operating chemical fume hood	l design	ed for I	nazardou	s chemic	cals an	d having	an avera	age	
face velocity of at least 100 feet per min	nute.								
Control parametersComponents with lin	nit value	es that	require n	nonitorin	g at the	e workpla	ace:		
None.									
Additional information:									

No data

Exposure controls

Personal protective equipment

Follow typical protective and hygienic practices for handling chemicals.

Keep away from foodstuffs, beverages and feed.Remove all soiled and contaminated clothing immediately.

Wash hands before breaks and at the end of work.

Maintain an ergonomically appropriate working environment.

Breathing equipment:

Use suitable res	pirator	when	high con	centratior	ns are	present.					
Protection of har	nds:										
Impervious glove	es										
Inspect gloves p	rior to	use.									
The selection of	suitabl	e glov	es not or	nly depend	ds on i	the mate	rial, but a	also on	quality.	Quality w	ill
vary								· .	· .		· :

Information about limitation of use:

For use only by technically qualified individuals.

Other regulations, limitations and prohibitive regulations

Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed.

The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No

1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed. Substance is not listed.

Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed.

Chemical safety assessment:

A Chemical Safety Assessment has not been carried out.

SECTION 16. OTHER INFORMATION

Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH). The above information isbelieved to be correct but does not purport to be all inclusive and shall be used only as a guide. The

information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
