SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substances

CAS No. / Substance Name:

1314-23-4 Zirconium(IV) oxide

Identification number(s):

EC number: 215-227-2

Additional information: Zirconium is routinely found with a low level of hafnium since separation of the

two elements is difficult.

Impurities and stabilizing additives: Zirconium is routinely found with a low level of hafnium since separation of the two elements is difficult.

SECTION 4. FIRST AID MEASURES

Description of first aid measures

If inhaled:

Supply patient with fresh air. If not brea	thing, p	rovide	artificial re	spiratic	on. Keel	o patient	warm.	
Seek immediate medical advice.								
In case of skin contact:								
Immediately wash with soap and water;	rinse t	noroug	hly.		1.1		111	1
Seek immediate medical advice.							1	
In case of eye contact:	:			:			:	
Rinse opened eye for several minutes u							i	i
If swallowed:		·	· .		·	1.		·
Seek medical treatment.								
Information for doctor	1 1 1	. * *					н 1 - 1	
Most important symptoms and effects, I	ooth ac	ute and	l delayed:	1		1.		
No data available								
Indication of any immediate medical att	ention a	and spe	cial treatm	ient ne	eded:		: • •	1
No data available								

SECTION 5. FIREFIGHTING MEASURES

Extinguishing media	1 			·	`: :		·	1	: • •	1		
Suitable extinguishing agents Product is not flammable. Use fire-fighting measures that suit the												
surrounding fire.												
Special hazards arising	from th	ne substar	nce or m	nixture		1	1			1		
If this product is involved in a fire, the following can be released:												
Metal oxide fume	'			'	`:		'			1		
Advice for firefighters		1. ¹		, i i 1								
Protective equipment: Wear self-contained res			÷	e ⁿ		÷	e'	14. 14.	÷	:		
Wear fully protective im				1. 			1. 	6	111	5		

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency proc	edures				÷.
Use personal protective equipment. Keep unprotected persons av	way.				
Ensure adequate ventilation		1	1	: • •	÷.,
Environmental precautions: Do not allow material to be released	to the e	enviror	ment with	nout offi	cial
permits.	1 1	1			,
Methods and materials for containment and cleanup: Pick up med	chanica	ally.			ť
Prevention of secondary hazards: No special measures required.					
Reference to other sections		1		: * *	'

Exposure controls Personal protective equipment	111	1	' a	:	5	1		5	1
Follow typical protective and hygienic pra	actices	for har	ndling che	emicals.	.**				

Keep away from foodstuffs, beverages and feed.

Remove all soiled and contaminated clothing immediately.

Wash hands before breaks and at the end of work.

Maintain an ergonomically appropriate working environment.

Breathing equipment: Use suitable respirator when high concentrations are present.

Recommended filter device for short term use:

Use a respirator with type N95 (USA) or PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if airpurifying

respirators are appropriate. Only use equipment tested and approved under appropriate government standards.

Protection of hands:

Impervious gloves

Inspect gloves prior to use.

The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary

from manufacturer to manufacturer. Material of gloves Nitrile rubber, NBR Penetration time of glove material (in minutes) 480 Glove thickness 0.11 mm Eye protection: Safety glasses Body protection: Protective work clothing.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

General Information

SECTION 10. STABILITY AND REACTIVITY

Reactivity No data available Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No data available Incompatible materials: Acids Oxidizing agents Hazardous decomposition products: Metal oxide fume SECTION 11. TOXICOLOGICAL INFORMATION Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: ACGIH A4: Not classifiable as a human carcinogen: Inadequate data on which to classify the agent in terms of its carcinogenicity in humans and/or animals. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

This product contains nanoparticles. Elements or compounds in the form of nanoparticles or

nanotubes can exhibit different properties than larger particles of the

same element or compound. Many nanoparticles are small enough to cross cell membranes including

the blood-brain barrier. Nanoparticles may have greater

toxicity than larger particles. Ensure that nanoparticles are not ingested, inhaled or come in contact with the skin.

Prop 65 - Chemicals known to cause cancer Substance is not listed.

Prop 65 - Developmental toxicity Substance is not listed.

Prop 65 - Developmental toxicity, female Substance is not listed.

Prop 65 - Developmental toxicity, male Substance is not listed.

Information about limitation of use: For use only by technically qualified individuals.

Other regulations, limitations and prohibitive regulations

Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006. Substance is not listed.

The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No

1907/2006 (REACH) for the manufacturing, placing on the

market and use must be observed.

Substance is not listed.

Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION 16. OTHER INFORMATION

Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH). The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
